

WILSON SETTLES DOWN FOR BRIEF VACATION

IS UNDER ORDERS FROM PHYSICIAN TO TAKE A COMPLETE REST

President Preparing for the Arduous Work he is Expecting in Connection With European and Mexican Situations.

Cornish, N. H., June 25.—Under orders from his physician to take a complete rest President Wilson settled down at the "Summer White House" today for a brief vacation to prepare himself for the arduous work he is expecting within the next few months in connection with European and Mexican situations.

Takes Few Official Documents.
The president brought few official documents with him and officials at the white house had orders to forward him only the most pressing business, but nevertheless he plans to give much thought in the quiet seclusion of the Cornish Hills to the next step in his new Mexican policy, to the submarine issue with Germany and to the discussion with Great Britain over interference with commerce between the United States and the neutral nations of Europe. Secretary Lansing will do most of the actual work on the note to Great Britain now being prepared but the president has already gone over with him the broad questions of policy involved and will see the note before it is officially forwarded to London. He read with deep interest today unofficial forecasts from Berlin that there was a possibility of Germany's submarine warfare being somewhat modified but refused to comment.

The president arrived here this afternoon after a trip through Connecticut, Massachusetts and Vermont, marked by frequent ovations from crowds which gathered at every station. He refused to make any speeches but smiled broadly at laudatory comments from several hundred men, women and children with whom he shook hands. The crowds were much larger and more enthusiastic than have ever greeted the president enroute here before and many told him they approved his course in the foreign situation. "You have been writing great letters to those foreign governments," said one working woman as she clasped the president's hand. He thanked her.

"Excuse the dirt," apologized a factory employe, extending a grimy hand to the president. "I don't mind that," the president replied, as he shook hands.

"You've been working too hard and I hope you have a good vacation," was the greeting of another woman. "I hope so, too," answered Mr. Wilson.

President Looks Heavier.
As the president stood talking to the crowd at one stop a man remarked that he looked heavier than he did when here last year. The president said he weighed about the same.

"Your face looks fuller," said the man.

"I guess I have more cheek," replied the president amid laughter.

Virtually the entire population of Windsor, Vt., and this village were at the station to greet the president as he stepped from his private car, with Miss Margaret Wilson and Dr. Cary T. Grayson, his naval aide and physician. They cheered him again and again and for a few minutes he was completely hemmed in by people who wanted to welcome him back to the summer capital. Miss Helen Woodrow Bones, his cousin, was with the party.

The president's joy was evident in the afternoon when his daughter, Mrs. Francis B. Sayre, with her husband and baby boy, arrived here for a visit. Francis Woodrow Sayre, the president's only grandson, whom he saw christened a few weeks ago at Williamstown, Mass., cooed with delight and cuddled in his Godfather's arms.

Harlakenden House, the property of Winston Churchill, the novelist, which is occupied by the president and his family, has been completely renovated since their last visit here. Mr. Wilson spent almost the entire afternoon and evening looking over the estate and attending to some correspondence, but took a short automobile ride before dinner.

ENGLISH MAKE AMPLE PROVISION FOR DEFENSE IN FLANDERS

LONDON, June 25.—"In Flanders we have made provisions for defense however great the attack. Our numbers there are adequate for any task and our turn will come."

Thus spoke Walter Runciman, president of the board of trade, in an address at West Hartlepool last night.

"We are learning now," Mr. Runciman added, "how to deal with the submarine menace and it is truer now than when the statement was made in April that we have enough explosives for our own use. We also are overcoming our shortage of munitions."

TRIPLE PITCHES NO HIT GAME.
Indianapolis, June 25.—Dan Tipton, the sensational young pitcher who is being sought by several big league clubs, won his tenth consecutive game for Indianapolis this afternoon and incidentally shutout Cleveland without a hit. He struck out three and gave four bases on balls.

SECRETARY DANIELS HOLDS UP TWO RESIGNATIONS OF ARMY OFFICERS

Calls on Attorney General for Opinion as to Whether Army Officer Has an "Inalienable Right" to Resign.

Washington, June 25.—Offers of large salaries to expert ordnance officers of the army by private manufacturers of war munitions have created such a serious problem in the war department that Secretary Garrison today called upon Attorney General Gregory for an opinion as to whether an army officer has an "inalienable right" to resign his position in time of peace.

Four resignations were accepted before the gravity of the situation was realized but two others recently tendered are being held up pending attorney general's decision and the formulation of a general policy by the department. Ordinarily this question, frequently raised in the navy as a result of offers from ship-building companies to young constructors gives the army little trouble. Few officers have been anxious to abandon their military career and the certainty of retired pay for life to accept such inducements as usually are held out in civil life and when an occasional resignation has been tendered acceptance has followed as a matter of course.

Now, however, the tremendous and growing demands of the warring European powers for arms and ammunition has made it well worth while to private manufacturers to pay handsome salaries to attract the ordnance experts needed for their plants.

High officials of the government are reluctant to permit wholesale resignations under such circumstances and even are inclined to believe it unpatriotic for officers to quit the service for more money. Apparently, however, the legal authorities seriously doubt that any law can be found to keep an officer in the army against his will, partly if he has served a reasonable number of years after receiving his education at the military academy.

TESTIMONY INDICATES SERIOUS VIOLATION OF NEUTRALITY LAWS

Federal Grand Jury Investigates Alleged Recruiting of British Soldiers in San Francisco.

San Francisco, June 25.—That testimony taken today before the federal grand jury investigating alleged recruiting of British soldiers here indicated serious violation of the neutrality laws of this country was asserted tonight by John W. Preston, United States district attorney, after a day spent in examining witnesses.

A second special session of the grand jury was called to convene Monday to continue the investigation. The party of seven alleged recruits enlisted here who were arrested in New York city two days ago is due to arrive here tomorrow under detention as witnesses.

B. & O. OFFICIALS REPORT BRIGHTER BUSINESS OUTLOOK IS DAWNING

DEER PARK, N. Y., June 25.—That a brighter business outlook is dawning is the report that more than three hundred officials of the Baltimore & Ohio railroad system brought to their annual meeting here from the industrial and agricultural communities in which they are engaged in handling traffic over its 5,000 miles of line. The meeting is for the purpose of discussing transportation problems and the exchange of views concerning the various phases of railway service.

REAGLE TELLS OF HAZING BEING PRACTICED AT NAVAL ACADEMY

ANNAPOLIS, Md., June 25.—Hazing at the naval academy, which was supposed to have been stamped out ten years ago as the result of a congressional investigation and the dismissal of a dozen or more midshipmen, has been practiced during the last two years at least, according to Midshipman Charles M. Reagle, testifying at today's session of the court of inquiry investigating irregularities in examinations at the academy. The revelation came from a chance remark made by Reagle in describing a visit he made to a certain room for some advance information. Midshipman A. R. Bolling was there "facing the wall" he said.

Congressman Carlin of the counsel for the defense inquired what that meant and was told that whenever an upper classman entered a room the "plebes" as the members of the fourth class are known must face the wall.

STATE DEPARTMENT EMPLOYEES PRESENT BRYAN WITH WATCH

WASHINGTON, June 25.—Employees of the state department today presented former secretary Bryan with an engraved gold watch. Every one in the department contributed to the fund and the presentation was made by Cone Johnson, solicitor of the department, accompanied by First Assistant Secretary Osborn and Third Assistant Secretary Phillips. In accepting the watch Mr. Bryan said that he would treasure it particularly because he recognized that it was given as a personal token and not as "an expression of political attachment."

CAMPBELL IS TAKEN TO WILL COUNTY JAIL

CONVICT CONTINUES TO MAINTAIN INNOCENCE OF MURDER CHARGE

"One of Two Men, Either Edwards or I," is His Reply to Question of Who is Guilty of Killing Wife of Joliet Warden.

Joliet, Ill., June 25.—Joe Campbell, negro convict, suspected of the murder of Mrs. Edmund Allen, wife of the warden, passed out of the penitentiary gates today and under heavy guard was taken to the Will county jail where he will be held to await the action of a grand jury.

Still Maintains Innocence.
Campbell, who for a week has withstood the efforts of inquisitors to involve him in contradictions, continued to maintain his innocence tonight. He displayed no interest in the change of quarters and apparently was unconcerned by the events of the week.

"No," he replied to the direct question at the jail, "are you guilty of the murder?"

"Who is?" he was asked.

"One of two men, either Edwards or I," was his reply.

Edwards was the negro trusty who acted as waiter for the Allens. He told such a straightforward and convincing story to the coroner's jury that he easily established a belief in his innocence.

Convicts Return to Duties.

Except for the twenty-five armed guards who were added to the penitentiary staff when the murder was discovered Sunday, affairs at the prison have assumed almost a normal aspect. The convicts have returned to their duties and prison routine has been resumed to a great extent.

The old rule established by Warden Allen, forbidding the guards to carry fire arms within the prison is no longer in force and each of the twenty-five special guards is armed with a rifle.

For the first of the week it was said they were prepared to deal with any convict uprising at any time. With the departure of Campbell, officials feel the danger of trouble among the convicts is over.

Warden Allen and his son and daughter are making their home at the residence in Joliet of his old friend, William D. Heise and their furniture has been moved from the warden's quarters in the administration building.

Allen Will Not See Campbell.
John P. Devine, state representative who is to undertake a further investigation into Mrs. Allen's death for the benefit of Governor Dunne will wait until Allen resumes his duties, it was said today, and the two will re-open the inquiry. The warden will not see Campbell, he said today.

It is reported that no special grand jury will be called but Campbell will be kept in jail until after the regular grand jury is convened.

VILLA ADVICES TELL OF HEAVY FIGHTING NEAR AGUAS CALIENTES

No Indication is Given as to How the Gauge of the Battle Stood.

El Paso, Tex., June 25.—Heavy fighting in the vicinity of Aguas Calientes was reported in Villa advices to United States officials here tonight but without any indication as to how the gauge of battle stood. It was stated that General Francisco Villa was directing his troops in person.

Representatives of the Villa government maintained that they still retained the city of Aguas Calientes although previously they had reported fighting in the state of Aguas Calientes a few miles from the city.

The Carranza agency was without reports on the situation since two nights ago, when a message was received from Vera Cruz stating that some of General Obregon's forces had "entered Aguas Calientes."

Miguel Diaz Lombardo, secretary of foreign affairs in the Villa cabinet was to arrive here some time during the night, according to a message to Juarez officials. It was understood that he would leave soon for Washington but officials on the border were uninformed as to the date of his departure or the nature of his mission.

CREWS HAVE FINISHED HARD WORK; TODAY'S PRACTICE TO BE LIGHT

ELMOORE, N. Y., June 25.—All the coaches of the crews of Cornell, Columbia, Syracuse, Pennsylvania and Stanford started tonight that their hard work was finished and that tomorrow's practice will be very light. With the exception of Stanford none of the crews will go out for practice Sunday. The "variety" crews however, will early in the evening row their shells to the Columbia boat house, the rendezvous of the crews for the four mile race.

Early this evening all the crews were on the water, the Cornell, Syracuse and Pennsylvania crews being taken over the course to give their coxswains a line on their respective courses. Both Syracuse and Pennsylvania "variety" crews rowed a hard four mile race but had their evening drill on the river, no hard work being done by Columbia, while the Stanford eight was put through the series of starts and sprints.

War News Summarized

Divergent war statements leave doubt as to whether the Russians or the Teutonic allies have the upper hand in the desperate battle being waged along the Dniester river in Galicia. Between Zurawna and Haidze, the crucial point in this front, a conflict of great intensity is being carried on and here both sides claim successes. None of the official reports however, indicates that any decisive advantage has been gained.

The Russians assert that by hurrying up reinforcements they have forced the Teutons to retreat across the river in this sector.

The Germans admit a reverse here, but their Austrian allies in their latest official communication declare that counterattacks by the Russians on the north bank of the Dniester have been repulsed and that the attack of the Austro-German forces is progressing.

The latest French official statement tells of artillery duels at different points along the western front, but chronicles no decisive engagement. Both the French and the Germans claim successes in this field of operations.

In the Italian war theater artillery combats are continuing. The Austrians claim to have repulsed two attacks by the Italians on the frontier coast district east of Rohini. News despatches state that the Italian forces are advancing both from the east along the Fella valley and from the south through Predil Pass toward Tarvis, although, because of the difficulties of mountain warfare, this progress is slow.

General Cadorna, the Italian commander-in-chief, apparently plans to attempt an invasion of Austria through the region around Tarvis, thus threatening the right wing of the Austrian army having headquarters at Laibach.

The Germans, according to an authoritative military source, will be able to place eighteen more army corps in the field by the end of July. These, it is said, will be made up mostly of the second category of the Landsturm, men who have never performed military service, but who are now in training and in the reserves. The new corps will about equal in number the troops returning from Galicia. It is calculated, and the latter will be given a partial rest after their exhaustive campaign.

Germany to Place Army in Field by the End of July
Zurich, Switzerland, June 25.—Via London.—According to an authoritative military source Germany will be able to place 18 more army corps in the field by the end of July. These are composed chiefly of the second category of the Landsturm, comprising men who have never performed military service but are now in training and inland reserves which have been resting in the interior of Germany.

It is calculated that these new corps will about equal in number the exhausted troops returning from Galicia who will be granted partial rest, doing service as inland reserves.

THAW IS EULOGIZED AS PERFECTLY RATIONAL

WITNESSES TESTIFY HE IS A MAN OF BROAD INTELLECT

Wife of a Well-to-do Manufacturer of Manchester, N. H., Tells of Entertaining Thaw Socially and Was Glad to Introduce Her Daughter to Him.

New York, June 25.—On this, the ninth anniversary of the killing of Stanford White, his slayer Harry K. Thaw was described at the trial to his sanity today as a man who was perfectly rational and more—kind, generous, charitable, a man of broad intellect and one worthy of being introduced in the best social circles. His eulogists consisted of a dozen men and women whom he had met during his sojourn in New Hampshire after his escape from the Matteawan insane asylum.

They came to New York at the request of Thaw's attorneys to do the best they could to show their confidence in Thaw and their belief that he should be set free as a sane man.

Sentiment Favors Thaw.

More than one stated that sentiment in New Hampshire was strongly in favor of Thaw. One, the wife of a well-to-do manufacturer of Manchester, N. H., said that she had entertained Thaw socially at her home and had been glad to introduce her daughters to him. Another witness, an editorial writer on a Manchester newspaper, told of a New Year's party which Thaw had given to the children of the best families in the city and how they had presented a loving cup to him.

In order to prove that Thaw was suffering from no delusion, that William Travers Jerome, representative of the state of New York in the Thaw case, intended to kidnap him, Merrill Shurtleff, one of Thaw's former attorneys, testified that Jerome had told him that he would take Thaw back to New York by force if he should be admitted to bail while detained in Colebrook, N. H. In all, nearly thirty five witnesses from New Hampshire and Canada have testified for Thaw.

Attorneys to Testify Monday.

Thaw's attorneys expect to conclude their side of the case on Monday with the testimony of three alienists who have examined Thaw. Justice Hendrick today granted the order for a commission to examine President Emeritus Charles

COMMUNICATIONS WITH MEXICO CITY ARE CUT

ANXIETY INCREASES IN WASHINGTON OFFICIAL CIRCLES

Reports of Artillery Duel Gives First Indication That Villa-Zapata Forces Had Determined to Offer Resistance.

Washington, June 25.—Anxiety increased today in official quarters over the situation in Mexico City with which the state department has been unable to communicate by telegraph for several days.

Brief despatches from Vera Cruz stated that the Carranza officials were much chagrined at the apparent failure of General Pablo Gonzalez to enter the capital. Reports that Gonzalez was engaged in an artillery duel with the Zapatistas gave the first indication that the Villa-Zapata forces in Mexico City had determined to offer resistance to the invading Carranza army instead of evacuating.

Reliable information indicates that General Gonzalez himself cut the lines of communication between Vera Cruz and Mexico City in order to isolate the Zapata forces. This prevents the state department from communicating with the Brazilian minister and deprives all other foreign governments of information concerning their diplomatic missions and subjects.

Famine conditions in Mexico City have been growing worse daily and with the investment by a new army in progress fears are expressed that much suffering to foreigners will ensue.

While it has been generally understood that there will be no further development in the general Mexican situation so far as the United States is concerned until the return of President Wilson from Cornish it is thought in official quarters that the situation in the southern capital may force a new crisis.

General Carranza has given the American governments formal assurance that every effort will be made by General Gonzalez to guard the lives and property of foreigners if his troops enter the city. It is feared however, that the fighting may be carried into the old capital by the contending forces.

Occupied Part of Mexico City.
New Orleans, June 25.—Constitutionalist troops under General Pablo Gonzalez already have occupied a considerable portion of Mexico City according to Vera Cruz reports received here today by constitutionalist consular officers. Troops under Zapata had evacuated parts of the city before the entrance of Gonzalez, it was said.

GERMANY TO PLACE ARMY IN FIELD BY THE END OF JULY

Zurich, Switzerland, June 25.—Via London.—According to an authoritative military source Germany will be able to place 18 more army corps in the field by the end of July. These are composed chiefly of the second category of the Landsturm, comprising men who have never performed military service but are now in training and inland reserves which have been resting in the interior of Germany.

It is calculated that these new corps will about equal in number the exhausted troops returning from Galicia who will be granted partial rest, doing service as inland reserves.

TELLS OF MEDICINE'S CONQUEST OF THE FOES OF CIVILIZATION

SAN FRANCISCO, June 25.—In assuming the presidency of the American academy of medicine, which convened here today for its fortieth annual meeting, Dr. Woods Hutchinson of New York told of medicine's conquest of the foes of civilization and the progress of some unfinished battles.

The relation of medicine to transportation and commerce will be the general topic for sessions which will end Monday. This is in line with the policy of the academy to specialize each year on some aspect of sociological medicine.

SUCCESS OF LOAN ASSURED.

New York, June 25.—The success of the second Austro-Hungarian war loan is assured, according to wireless messages received here from Vienna and announced tonight by Alex von Nuber, consul general for Austria Hungary. In a statement the consul general says that the subscriptions for the second loan already amount to 4,500,000,000 crowns (\$900,000,000) which he says provides financial means for the continuation of the war for at least ten months.

FORBID DISCUSSION OF BELGIAN ANNEXATION.

London, June 25.—The Amsterdam correspondent of the Morning Post declares that German newspapers have been ordered by the government to abstain from the discussion of any plans for the eventual annexation of Belgium by Germany.

W. Elliot of Harvard as to why Thaw was expelled from that institution in 1892. The examination will be conducted at Cambridge, Mass., on Monday by Deputy Attorney General Becker, and a representative of Thaw's counsel.

TAKE PRECAUTIONS AGAINST POSSIBLE ACTS OF VIOLENCE

Militiamen Patrolling Gov. Slaton's Country Estate Will be Doubled Tonight—Order all Near-beer Saloons Closed Today.

Atlanta, Ga., June 25.—Persistent rumors that persons incensed against Governor Slaton because of his commutation of Leo M. Frank's death sentence to life imprisonment contemplated acts of violence against the governor tomorrow caused state, county and city officials tonight to take extensive precautionary measures. Mayor Woodward ordered all near-beer saloons closed throughout Saturday and also directed that special policemen be held in readiness for possible disorder. County officials have taken steps to reinforce the constabulary. Governor Slaton's proclamation creating a military zone surrounding his country estate still was in effect tonight, eighty militiamen patrolling the place.

Adjutant General Nash has announced that he will double this force tomorrow night and that he will maintain the cordon of troops there as long as he deems it advisable.

At Marietta, near here, where Mary Phagan resided, the board of trade tonight appealed to the mayor to take precautions against possible disorder there. The mayor promised to order a sufficient increase in the police force to insure against public demonstration. The Marietta committee also appealed to residents for the preservation of order. Circulars the committee distributed called attention to the fact that Jewish merchants had been threatened in notices posted on the doors of their stores, warning them to leave Marietta by Saturday night or take the consequences.

Despite these notices prominent residents of Marietta said tonight there was little racial prejudice here because of the Frank case and they did not anticipate trouble. The request to the mayor, they explained, merely was a measure of precaution.

ITALIAN FORCES ARE SLOWLY ADVANCING TOWARD TARVIS

Plan of General Cadorna Seems to be to Attempt an Invasion of Austria Through the Region Around Tarvis.

Udine, June 25.—via Paris, June 25th.—Slowly, owing to the difficulties of mountain warfare, but steadily and with grim determination, Italian forces are advancing both from the east along the Fella Valley and from the south through Predil Pass toward Tarvis, which is the pivot of the classical roads along which every great invasion of Austria from Italy has occurred.

From Javorcek, which is about 5,000 feet high, the heavy artillery of the Italians is sweeping the valley below as far as Plezzo which lies four miles away in a direct line. The big guns also dominate the whole valley of the upper Isosno river and threaten Predil Fort. Though the defense did not prevent Napoleon from passing this position in 1797, these fortifications and also those in the Fella Valley were strengthened and co-ordinated in 1904.

The Hermann and Raibl forts have been provided with the best modern artillery of the widest range.

The plan of General Cadorna, the Italian commander-in-chief seems to be to attempt an invasion of Austria through the region around Tarvis, threatening the right wing of Austrian army having headquarters at Laibach and obtaining as an immediate consequence relief from the pressure of the Austrian forces massed along the Tolmino-Goerz-Triest front.

STOP SEVEN COACHES OF SERBS ON WAY TO JOIN SERBIAN ARMY

CHICAGO, June 25.—Seven coaches containing about 500 Serbs, who were said to be on their way to Europe to join the Serbian army, were stopped in the railroad yards by federal officials tonight.

The cars were cut out of the train and the federal inspectors questioned the passengers through interpreters. Excited by the break in the journey, the Serbs swarmed about the federal officials in such crowds that a trainman set in a riot call and two patrol wagon loads of police responded.

Those who were unable to prove that they were not American citizens who were violating neutrality by enlisting in the army of a belligerent nation were ordered into a separate car.

ADD CHARGE OF ASSAULT WITH INTENT TO KILL TO MURDER CHARGES

KANSAS CITY, Mo., June 25.—A charge of assault with intent to kill was added today to the two murder charges placed against Fred Wing, a Kansas City, Kans., printer.

Wing is charged with killing Mr. and Mrs. Joan Crist, his wife's parents, in their home in Kansas City, the night of June 14th. The third charge grew out of alleged attempt to slay his wife, who was injured at the time a fusillade of shots killed her parents. The tragedy is said to have followed the refusal of Mrs. Wing to live with her husband. Wing formerly lived in Decatur, Ill. He is in jail here.

URGE APPROVAL OF SALARY INCREASE

DUNNE GIVES OUT LIST OF CHICAGO BAR MEMBERS WHO ASKED SIGNING

Many Representative Attorneys go on Record Favoring Raise in Salaries of Cook County Judges—Bills Approved by Governor.

Springfield, Ill., June 25.—Governor Dunne today gave out a list of representative members of the Chicago bar who had urged him to approve the bill increasing the salaries of circuit and superior court judges of Cook county from \$10,000 to \$12,000 a year. The list includes the following names:

Senator James Hamilton Lewis, Hempstead Washburn, S. S. Gregory, Everett Jennings, Charles S. Holt, Herrick, Allen and Martin, Emil C. Wetten, Joseph W. Moses, Charles S. Cutting, president of the Chicago bar association; M. L. Igoe, James R. Ward, W. H. Arthur, Neil S. Jaul, William Donlin, Frank Hamlin, J. E. Ingram, Joseph J. Thompson, John Barton Payne, Frank J. Loesch and many others. The following additional bills were approved today by the governor:

H. B. 240 (Pace) permitting the oiling of dirt roads under the Tice road law.

H. B. 50 (Kane) requiring that objections to assessments in drainage district cases be made at the time the assessment is heard and permitting the holding of purely prefatory meetings of drainage boards outside the district.

H. B. 539 (DeYoung) permitting the filing of Torrens land titles with the insurance department.

H. B. 38 (Gorman) making duties of county boards regarding the care of the blind mandatory instead of optional.

H. B. 506 (T. E. Graham) legalizing the organization of sanitary districts when a majority of the electors have voted for such organization regardless of irregularities in the calling or conduct of such election.

H. B. 317 (Lyle) fixing a fine of \$200 or imprisonment for one year or both for taking a mile child under 17 or female child under 18 into disorderly houses, gambling rooms, pool rooms or saloons.

H. B. 425 (Campbell) requiring the keeping of records of burial places of soldiers and sailors.

S. B. 353 (Herlihy) legalizing the use of pasters in park elections.

S. B. (Womack) prohibiting the manufacture of high explosives within half a mile of any residence without the consent of a majority of the voters within the territory.

S. B. 299 (Bardill) permitting insurance companies to deposit with the state insurance department as policy securities any of their lawful securities.

BIG CROWD IS EXPECTED AT OPENING OF CHICAGO'S SPEEDWAY

Experts State Winner Will Have to Average 97 Miles an Hour for the Five Hundred Miles.

Chicago, June 25.—A big crowd is expected to attend the opening of Chicago's new two-mile automobile speedway tomorrow. Fair weather is promised. The track, which is of wood, is said by drivers to be very fast. In practice a speed rate of 110 miles an hour has been attained and 100 miles an hour has been common.

Experts said tonight that the winner will have to average 97 miles an hour for the five hundred miles. The start superintended by Fred Wagner will take place at 10 a. m. The twenty-four entrants will be sent away four abreast.

The speedway park association donated \$54,000 for prizes of which \$20,000 goes to the winner, \$10,000 for second place, \$5,000 for third and so on down to the tenth man to finish. He will receive \$1,400. There are in addition a number of special prizes.

Among the well known drivers entered are Dario Resta, Howard Wilcox, Gil Anderson, Earl Cooper, Ed. Rickenbacher, Bob Burman, G. Porporato, Louis Chexollet, Harry Grant, Billie Chandler and Ralph Mulford.

A new situation has developed with reference to street affairs and kindred forms of amusement by reason of court action wherein a young man was awarded damages in the sum of \$4,000 against the city of Louisiana because of injuries received at a carnival there. A bullet from a shooting gallery operated as one of the fair attractions resulted in the loss of an eye. The day of the street carnival is about past anyway and this matter of city liability will have a tendency to deter city councils from granting authority for the use of the streets for entertainment purposes if the city is to be responsible for any accidents which may happen.

Representative Merritt who recently introduced a bill which passed the Illinois general assembly making unlawful the sale of hotel tipping privileges should certainly be an admirer of Abe Martin, known to newspaper and magazine readers as "the humorous philosopher."

Abe recently philosophized thus: "I may be old fashioned, but it seems to me that after a fellow spends two or three dollars in a cafe they ought to give him back his hat for nothing."

Do English Shun Service?

Statistics recently compiled show that the Germans have taken very few English soldiers prisoners while their French and Russian prisoners are numbered by the hundreds of thousands. The reason is largely due to the fact that England has furnished such a small portion of the land forces thus far. The government has been for months past making fervent appeals for enlistment but it is said that a great lack of interest has been apparent on the part of the citizenship as a whole.

Mrs. Philip Snowden who has just come to this country to represent a body of 85,000 British non-militant suffragists at the peace conference in San Francisco declares that the real reason for the lethargy lies in the fact that the English government has exercised such a strict censorship of the newspapers that the people do not realize conditions as they are. Mrs. Snowden says that the English press minimizes losses and exaggerates victories to such an extent that the people are being fooled. These statements are not borne out however by copies of London papers received in this country for these papers printed editorial and advertising appeals for enlistment as well as column after column of "killed in battle notices". These lists it would seem must give the most indisputable proof to the public that the war is of great and serious moment.

No matter what difficulties the government has had in securing enlistments for service it is likely that Germany's recent victories and the announcement that the Imperial government will have at least 18 more army corps ready for the field by July 1st, will stir England from coast to coast. This great addition to the German army is of men new to the service and indicates that Germany is not having England's trouble about securing enlistments.

War Orders Help Exports.

Commenting on the revival of business in the steel industry, the "basic" industry of the country, the New York World notes that "its mills were working at only about 40 per cent of capacity five months ago." At that time the Democrats were vigorously denying the existence of any depression. Now the mills are working at 80 per cent of capacity and the World remarks: "The so-called war orders play only a small part in this revival. Export business is about a fifth of the total industry, and much of that is outside of the munitions demand."

If the World bases its assertion on export figures, it is utterly fallacious. War orders made Bethlehem Steel jump to 102. That company now has orders for 8,000 field guns from the English war office, and has orders up to date for \$100,000,000 worth of material and more coming. War orders justified Hudson Max- im's statement that "every steel and powder company in the country is building additional plants."

War orders have given the Pressed Steel Car company a \$30,000,000 contract for the delivery of sarapall shell to Russia.

The Carnegie Steel Company has one order for 18,000 tons of steel bars from one company which is engaged in machining shells. Cleveland and Pittsburgh firms are figuring on 135,000 tons of steel to be used in the manufacture of shells.

Steel bars, rails, pig iron, etc., sold by the steel companies to other manufacturing companies to be made up into munitions of war will not show up as exports. They are the raw material of shrapnel, shell, gun

carriages and guns, and all the thunderbolts of war. It was estimated that foodstuffs and other war supplies shipped to the allies since the opening of the war aggregate \$1,000,000,000, and so far as guns and ammunition are concerned the real shipments have scarcely begun. This entails the movement of huge shipments of freight to the seaboard, and that means large additional orders for steel rails for trackage. They are not exported, but their sale was due to war orders.

The efforts of the World and proponents of the Democracy in general, to make the people believe that the depression in the United States, which set in months before the war in Europe commenced, was due to the war, and, on the other hand, to convince them that the revival of industry in the last few months is due to anything but the war will fail.

STATE EXPENSES SHOW BIG INCREASE.

A comparative figure of the legislative expenses of the general assembly, as shown by the general assembly this year were \$388,989.66 as against \$617,181.95 for the 46th general assembly which adjourned June 4, 1909. The appropriations that year were \$19,851,063.34 and this year the legislature appropriated \$44,825,291.43.

Other figures are given and afford some comparisons equally as startling, indicating the increasing expenses of the state in six years time.

MARIONETTE CIRCUS AN ATTRACTION OF THE FOURTH

Prof. and Mme. Harval Will Have
One of Main Features of Big
Celebration.

Professor and Mme. Harval and their Marionette Circus will be one of the star free attractions at the Grand Old Fashioned Fourth of July celebration to be held in Jacksonville, Monday, July 5th.

Secretary (Weber) of the Chamber of Commerce has recently secured an engagement with this attraction and the contracts have been signed which will assure their appearance on that date.

Press notices which have been received from all over the country give this act flattering recommendations and proclaim it as one of the most amusing and comical acts now on the vaudeville stage. Prof. Harval's motto is "Some Laugh, Some Scream and Then Some" and his reputation for refined and wholesome fun and humor is unexcelled.

For the last ten years Prof. and Mme. Harval have convulsed Washington society and have entertained every president's family since the Harrison administration. It is the only vaudeville act in the world that ever played in the White House on a salary.

The Augusta (Ga.) Chronicle in a recent issue had the following to say of this attraction on its appearance in that city.

"Harval and his Royal Marionettes are a distinct departure from the ordinary in vaudeville as seen in Augusta, and to say that the crowd liked them would be putting it mildly—they simply went wild over them. From the time 'Mme. Svensky,' the skirt dancer, made her appearance until the climax when the clown and his bucking broncho closed the show, there was a continuous roar of laughter. And it was not all confined to the little folks, either—staid grown ups forgot their dignity and laughed themselves blue in the face."

This attraction will appear on a special elevated platform which will be erected opposite the Post Office. An elaborate setting is required for the performance which is carried by the company. Special and appropriate music will be furnished by Jeffries Concert Band. The time of the act will be announced in the official program and it will be free to all.

SUMMER TRAVEL TO PANAMA EXPOSITION.

A conservative estimate is that at least three quarters of a million persons will visit California from the Rockies and east, during the entire exposition period. To transport that number requires 6000 trains of 125 persons each, or an average of about 21 trains a day. The various transcontinental lines can handle that much business, on schedule and comfort.

The summer rush of "See America first" travelers to the Panama Exposition has begun. The Santa Fe, for example, found it necessary to put on a second solid California Limited every day, during April, May, June and July by way of Grand Canyon. A third California Limited has also been run on certain days, as needed, besides the four other regular daily trains on this line to the Coast. And they are all running full.

The Santa Fe also reports a large number of special excursion trains, and special car parties, during June, July and August.

The tendency is to go west one way and come back another, so as to see as much of the Far West as possible.

Just now the crowd mainly is composed of school teachers, business men and their families, from cities and towns. The farming class mostly will wait until Fall before starting.

MR. ARMS GIVES THE SECRET OF LONG LIFE.

Is Nearly Eighty Years Old But Strong in Mind and Body—Exercise and Care About Diet the Reasons.

A. A. Arms of Thomasboro was a business visitor in Jacksonville Friday on the way from Pike county, where he owns a farm near Rockport, to Mason county where he has other holdings. Mr. Arm will be eighty years of age next December and is justifiably proud of the fact that while he is so far advanced in years he is still much younger physically and mentally than many men are at sixty. He is constantly in good health and is well able to look after his extensive interests.

Mr. Arms says that any man can keep young who will take plenty of exercise and be careful about his diet. He never drinks coffee, is a total abstainer from alcoholic liquors and has always been careful if he found any article of diet which did not agree with him never to eat it again. He thinks that a great many men lose their energy and strength because they give up active business life and have so little to occupy their time and thought. His theory is that if a man keeps on attending to his ordinary business duties that he will live longer and be happier than if he surrenders responsibility and active work to others.

The Housewife's Soliloquy

"The health of the household depends
on me,
And that's why I guard it so jealously.
When I select the meat for pot or pan,
I invariably go to my Butcher Man;
For I know all he sells is perfectly good,
The freshest and best of palatable food;
And the money I save on the meats I
buy,
Will show how well I can justify
My claim that it pays to share you see,
Is the Butcher Man's reciprocity."

Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

OBITUARY.

Hackman.

Miss Anna Hackman died at her home at 9:45 o'clock Friday morning after an illness of several months duration. Miss Hackman had been a resident of Jacksonville for over thirty-five years.

Deceased was born in Cass county, near Arenzville, July 2, 1846. She was the daughter of G. H. and Mary Hackman. After her father's death, which occurred many years ago, her mother came to Jacksonville where the family has since resided. The mother died twenty years ago and since that time the deceased has lived with her sister, Lizzie and brother Phillip at 134 Pine street. Though for many years an invalid Miss Hackman was always of a cheerful disposition and was much beloved by young people to whom she was familiarly known as Aunt Anna.

There survive her the following brothers and sisters, Philip Hackman, Lizzie Hackman, William Hackman and Mrs. John M. Daub, all of Jacksonville. The deceased for a number of years has been a faithful member of the First church of Christ Scientist.

Long.

William Franklin Long died at his home, 914 East Lafayette avenue at 5:50 o'clock Friday morning after an illness of several months. Mr. Long suffered a stroke of paralysis last November and it was this that finally caused his death.

Deceased was born March 21, 1837 at Pearl, Ill. He followed the occupation of farming but about fifteen years ago he retired and came to Jacksonville where he has since made his home. Mr. Long was for many years a member of the Christian church, having joined that denomination when he was a young man.

During the civil war Mr. Long enlisted in Co. I, 123 Ill. Infantry and served during the war. He was also a member of the G. A. R.

June 14, 1857 he was united in marriage to Miss Charlotte Hatcher of Pearl, who died thirteen years ago. On August 14, 1902 he was married to Ada Larkin of this city. He is survived by his wife and the following children: John F. Long, Pearl, J. H. Long, Crawfordville, Ark.; Mrs. James Ligore, White Hall; Mrs. Ida Hollander, Almyra, Ark.; Mrs. Una Johnson, Pearl; Mrs. Pearl Maynard, Detroit, Ill.; Mrs. Blanche Hatcher, Spokane, Wash.; and one sister, Mrs. Emily French, Milton.

Funeral services will be held at Pearl Sunday afternoon at 1 o'clock in charge of the Rev. C. E. Bohn. Interment in Green Pond Cemetery.

THIRD WARD DEMOCRATS FAVOR WILLIAMS FOR GOVERNOR

Congressman at Large From Pike County is Given Endorsement—Wilson Administration Praised—Club Will Incorporate.

Resolution endorsing W. Elza Williams as democratic candidate for governor in 1916 were passed by the Third Ward Democratic club at a meeting held Friday night. The administration of Pres. Wilson was endorsed in another resolution. The meeting was held at the Franklin school and it ostensibly was for the purpose of discussing the question of incorporating the club. A joker was slipped in the call, however, and it was made to read, "and such other business as would properly come before the club."

The matter of adopting these resolutions has been brewing for some time. At the meeting last Saturday night when adjournment was taken there were some who seemed to suspect that something was in the wind. It was thought that there would be some opposition to the resolutions but none developed.

Those at the meeting Friday night evidently do not recognize as binding the action of the Democratic Central Committee in choosing successor to Chairman Bernard Gause and Secretary W. C. Howe. The resolution contains a clause instructing them to circulate the resolution throughout the precincts of Morgan county and have the same published in the daily papers.

Vote to Incorporate.

In the absence of M. H. Carroll, president of the club the meeting was called to order by M. J. Crowe, vice president. The call was read by Secretary W. C. Howe. The chairman then stated that the meeting was for the purpose of getting an expression of the members as to the advisability of incorporating. He said that if such was desired that it would be necessary to make an amendment to the bylaws. Secretary Howe read a letter from the secretary of state in which it was pointed out that a Democratic club in Chicago already was incorporated under the name of the Third Ward Democratic club. He suggested that the club add to its name the words, "of Jacksonville, Illinois."

A. J. Jones then made a motion that the bylaws be amended to comply with the laws of the state by adding the above words, and that the secretary see the members personally and charge a fee of twenty-five cents for initiation to defray the expenses of securing a charter and that the charter be left open for sixty days. The motion was seconded by Thomas Walsh and carried unanimously.

The secretary then said that it was the proper time in view of the approaching presidential election to go on record as to the club's stand. He suggested the chair appoint a committee on resolutions. The chair appointed A. J. Jones, Philip Grant, Louis Gause, T. W. Walsh and W. C. Howe. The committee retired and on their return presented the following resolutions. On motion of A. J. Jones, seconded by Louis Gause they were adopted by a unanimous vote. The resolutions:

Wilson Administration Praised.
Whereas: The time has arrived when the people of this nation will soon be called upon to gather together in convention and choose for the coming four years a "Chief Executive" of this great nation and to ask and receive an accounting of the stewardship for the past four years from the Democracy of this nation and,

Whereas: We look back over the past four years and view the achievements of the Honorable Woodrow Wilson, president of these United States aided by a Democratic Congress and Senate, in guiding the destinies of this nation safely and firmly through the many perils which have beset us as nation, promoting and enacting into laws, more remedial legislation than was ever before attempted, since the formation of our Government and,

Whereas: We believe that the Administration of Woodrow Wilson as President of the United States should be continued in the interest of the great work he has but commenced, therefore be it

Resolved: That we sincerely endorse him for re-nomination and pledge him our active and united support.

Williams for Governor.
Whereas Congressman at Large, Wm. Elza Williams of Pike County, Illinois, has demonstrated his ability as a voter by being the only Democrat to carry the State of Illinois at the Election in 1914, and,

Whereas he is an able, pleasant, and efficient official, well known to, and well liked by the people of this State, as shown by his re-election to the office of Congressman at Large, and,

Whereas he is a down State man and neighbor, yet also able to more than carry his party vote in Cook County, and,

Whereas he would make an ideal Governor of the State of Illinois, and is the most available Democrat who can be elected to that office at the coming Election in 1916;

Therefore Be It Resolved that we heartily endorse Wm. Elza Williams for Governor of the State of Illinois, and,

Be It Further Resolved, that a copy of these resolutions be mailed to the said Wm. Elza Williams with the request that he be a candidate for Governor at the coming election.

And be it further Resolved: That Bernard Gause, Chairman and W. C. Howe, Secretary of the Democratic County Central Committee be requested to circulate this resolution

GENERAL LOCKOUT OF CHICAGO'S BUILDING INDUSTRY IS ORDERED

CHICAGO, June 25.—A general lockout of Chicago's building industry was ordered tonight after an all day meeting of every interest in the building industry—financial, materials and contracting.

Material manufacturers will cease work and close down their yards, contractors will lay off their men and the financial interests of the city will back them.

The burden of the tieup was placed by contractors upon the striking carpenters who have refused to arbitrate their dispute over wages, although they have been on strike more than a month.

Greatest of All Human Blessings

The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known "Mother's Friend."

This is an external application to enable the abdominal muscles to become more pliant, to expand naturally without undue pain from the strain upon cords and ligaments.

In almost every settled community are women who have enjoyed the blessing of this famous remedial and helpful embrocation. Their daughters have grown up to learn of its splendid assistance.

Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pains so much dreaded may be avoided and the period of expectancy passed through in ease and comfort.

Anything that adds so much comfort must be counted as a blessing indeed.

In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use "Mother's Friend" and how to avoid caking breasts. It has been prepared in our laboratory for over four years and is known favorably to most druggists everywhere. Get a bottle to-day and write for book to Bradford Regulator Co., 509 Lamar Bldg., Atlanta, Ga. Be sure to ask for and see that you get "Mother's Friend."

Do not accept a substitute. What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

Her grandfather came to Illinois in the early 30's and her mother came in 1834 with three children to make their home in Griggsville. In 1837 Mrs. Smith became one of the charter members of the Congregational church of Griggsville, and is now the oldest living charter member. Except while 10 years in the west her membership has not been changed.

Two of her four boys fought for the Union during the Civil War, and gave their lives to the cause. She and her youngest son, Henry, went west in 1870 where he was married and where she was later married to Major Jackson Clinton McKay, and with him lived five years in Hawaii. She tells many interesting stories of her life there, especially of her acquaintances with the old American missionaries of all denominations. She knew Hon. Jas. M. Conley also the family of Chas. M. Gulick, at that time minister of the Interior and chief adviser of Queen Liliuokalani during her trouble. Major McKay was a firm friend of Mr. Gulick and was buried from his home in 1881.

In 1886 she married Mr. Stafford Smith, of Meredosia and has very much enjoyed the remembrance of her friends in that neighborhood.

For the last two years she has made her home with Mrs. Evans, and has made many friends in this vicinity to whom it has been a great pleasure to do her honor on this, her natal day.

MRS. MARY SMITH HAS REACHED NINETY-FIFTH MILESTONE

Birthday of Former Jacksonville Resident is Observed at Home of Grand-daughter in Hannibal.

The following notice of the 95th birthday celebration of Mrs. Mary Smith, a former Jacksonville resident and now living in Hannibal, is taken from the Hannibal Journal.

The pleasant home of J. Fred Evans, 512 Hawkins avenue was crowded all day yesterday with friends, flowers and remembrances, the occasion being the 95th birthday of Mrs. Mary Smith, Mrs. Evans' grandmother, who lives with her. But at peace bodily and mentally, she enjoys each kindly thought, each loving word, and each lives on, ready to go to her heavenly home when her Master calls, but glad to live as long as He needs her here, cheering those around her with her reminiscences, always a pleasant smile, and the faculty for finding the bright side of every one.

Yesterday while a number of other friends were in her room she recited for them very expressively her motto:

"God bless the heart of sunshine, that smiles the clouds away, And sets a star of fresh born hope in some ones sky each day, God bless all words of kindness that lift the heart from gloom, And in life's barren places plant flowers of love to bloom."

Mrs. Smith was born in Boston, Mass. of Presbyterian parents and was brought up in the old Park Street church during Edward Beecher's day; she also went to Lowell Mason's singing school and can quote many hymns learned there. She can tell all about the first "Youths Companion" that was published, even (remembering a story on the front page).

Her grandfather came to Illinois in the early 30's and her mother came in 1834 with three children to make their home in Griggsville. Gulick, at that time minister of the Interior and chief adviser of Queen Liliuokalani during her trouble. Major McKay was a firm friend of Mr. Gulick and was buried from his home in 1881.

In 1886 she married Mr. Stafford Smith, of Meredosia and has very much enjoyed the remembrance of her friends in that neighborhood.

For the last two years she has made her home with Mrs. Evans, and has made many friends in this vicinity to whom it has been a great pleasure to do her honor on this, her natal day.

Her grandfather came to Illinois in the early 30's and her mother came in 1834 with three children to make their home in Griggsville. In 1837 Mrs. Smith became one of the charter members of the Congregational church of Griggsville, and is now the oldest living charter member. Except while 10 years in the west her membership has not been changed.

Two of her four boys fought for the Union during the Civil War, and gave their lives to the cause. She and her youngest son, Henry, went west in 1870 where he was married and where she was later married to Major Jackson Clinton McKay, and with him lived five years in Hawaii. She tells many interesting stories of her life there, especially of her acquaintances with the old American missionaries of all denominations. She knew Hon. Jas. M. Conley also the family of Chas. M. Gulick, at that time minister of the Interior and chief adviser of Queen Liliuokalani during her trouble. Major McKay was a firm friend of Mr. Gulick and was buried from his home in 1881.

EUROPEAN WAR NOTES

Vienna, via London, June 25.—The following official communication was issued today:

"Between Haliç and Zorawna (in Galicia) fighting is proceeding. Counter-attacks by the Russians on the north bank of the Dniester have been repulsed. Our attack is progressing."

"Advancing from Zydaczow yesterday we captured Chodorow. Otherwise the situation on the Dniester is unchanged, as is the case with the situation east of Lemberg and near Rawa Ruska and on the Tanew (to the northwest of Lemberg)."

"In Poland the allied troops are pursuing the Russians who are retreating toward Zawichost, Ozarow and Siemno."

"Italian theater—on the Tyrolean-Carinthian frontier there have been several artillery combats. On the frontier coast district east of Rohini two enemy attacks early this morning were repulsed. Heavy artillery fire is directed against the bridge head at Gorizia and the heights that borders the plateau of Cormons."

Paris June 25.—The war office tonight made public the following official communication:

"Of the region to the north of Arras there is only to report today a rather violent cannonading to the north of Souchez and to the north of Neuville and an engagement with grenades to the east of the Laby rinth."

"At La Boisselle (to the east of Albert) the enemy has exploded two mines without any result. Between the Oise and the Aisne there has been artillery firing particularly in the region of Quennewieres."

"To the west of the Argonne a few engagements with grenades enabled us to make some slight progress."

"In the Vosges a German attack at the Hagenfirst was repulsed. In the course of the counter-attack which we made June 23rd in the region of Ban-De-Sapt, we captured four machine guns and a large quantity of rifle cartridges and grenades."

Paris, June 25.—The arrival of the first consignment from Switzerland of foodstuffs to be supplied to Luxembourg until the harvest is reaped caused the greatest rejoicing today in the grand duchy.

The situation in the grand duchy has been desperate for some time. At the end of March the population already had been given bread cards limiting the consumption of bread to seven ounces daily and later this amount was reduced to four ounces.

In the middle of April the mayor of Luxembourg announced that that city alone required 6,000 barrels of flour and 1,000 barrels each of barley, beans and rice to stave off starvation until the crops were available. The country districts of the industrial town of Echternach are even in a worse plight.

The Luxembourg government sought relief through the American committee for relief in Belgium, which however, was powerless to act as it lacked the co-operation of Great Britain and Germany. The German government claimed that as Germany had forcibly occupied the grand duchy she must feed the population. This German formally refused to do, whereupon Great Britain declined to permit the passage by way of Holland of foodstuffs destined for the grand duchy.

France, however, always sympathetic toward her French speaking neighbor and grateful for the generous assistance rendered to French refugees in the northern departments by the Luxemburgers readily consented to supply the needs of the people by way of Switzerland under proper guarantees. These now have been furnished in the person of Swiss officers, who accompany every train and who are charged with the control and disposition of the flour and with the right to inspect warehouses.

STUDENTS TRAIN AS WAR OFFICERS

San Francisco, June 25.—An unusual number of college students of the west were enrolled in the college training camp which opened at the Presidio today for a five-weeks training course. The training of educated men so that they will be of immediate use in emergency, as commissioned officers, is encouraged by the government. Under supervision, without charge, coats, blankets, tents, sweaters and a complete outfit for each man. Shower baths, medical attention, and other aids are provided free, and the cost to the student officers, outside traveling expenses is only \$3.50 a week for board and \$5.00 for a cotton uniform with hat and leggings.

The work of the camp is divided into two parts. The compulsory work consisting of lectures, drills and maneuvers, and is confined to the mornings, leaving the afternoons free for optional work. Thorough instruction is held in cavalry riding, military map-making and in artillery drill. Mine-laying and demolition are demonstrated and the theories of defense are carefully analyzed.

Similar encampments to the one opened here today will be opened on July 5 at Chickamauga Park, Georgia, Ludington, Michigan and Plattsburg, N. Y., and will extend until August 8th.

OPEN MISSIONARY CONFERENCE

Blue Ridge, N. C., June 25.—The summer missionary conference, to be held in the east and west, under the auspices of the Missionary Education Movement, began today when the first big conference opened here. The conferences are inter-denominational. There are mission study groups, open parlaments, platform addresses, special services and denomination groups. Many young people from the south are attending the opening conference here, which extends until July 4.

SERVICES AT PISGAH

Services at the Pisgah Presbyterian church will be held as follows: Sunday school at ten o'clock, morning service at eleven o'clock, and the evening service at 7:30 o'clock. W. J. Rainey, pastor.

JOHN ERICKSON HAS MADE FORTUNE ON MORGAN COUNTY LAND

Began Work in Humble Position and Now Owns Six Hundred Acres Has Had Great Success in Raising Livestock.

When the great live stock king, John T. Alexander, was at the height of his power, handling thousands of animals, he had in his employ a trusted young man named John Erickson whose judgment of live stock was fine, whose integrity never flagged and whose industry was beyond question. Later this young man married most wisely and happily and set out in life for himself in a modest way and today his home is a few miles east of Alexander, contains 600 acres of fine land and is fitted with all that could well be asked to make farming profitable and life resirable. His house is supplied with hot water heat, acetylene gas and all kinds of conveniences and his farm has on it buildings for all purposes.

Mr. Erickson settled there 23 years ago and has carefully studied the subject of farming and stock raising and has been well rewarded for his efforts. He feeds cattle and hogs but gives his attention principally to the porkers and he has a fine lot of them. For a good while he chose Poland-Chinas but finally gave them up. He said they suffered from the inbreeding of other people and he himself made the mistake of selecting for boars rather smooth, handsome and well favored animals with the result that the succeeding generations of the hogs became too small boned and delicate and failed to produce the best results. He now prefers the Durocs and selects for a boar a large coarse limbed animal and by taking care he can get any kind of an animal wanted, coarse or fine.

Mr. Erickson's brood sows have two litters a year and he manages to have them come early in March and September. For farrowing sows he prefers the portable, individual house to the long shed for in the latter case if one pig gets into trouble and makes a big squeal all the other adjacent families are disturbed. During the earlier feeding months of the lives of the pigs he feeds carefully slop made with shorts, bran, and oats and gradually adds a little corn. He is careful not to pamper his pigs and shoats but has them rough it and gain good health and tough constitutions. He endeavors to have dry quarters and beds for them, while he sprays them with a coal tar specially prepared solution about once a month and carefully disinfects their houses with lime and solution.

He doesn't begin to feed for fattening till the animals are pretty well matured for in that way he gets a better growth, and produces a fat hog cheaper than in any other way. He lets the hogs run on good pasture and feeds to growing shoats perhaps two bushels of corn daily to a hundred animals. He begins to feed for fattening the hogs when they are about eight months old and still lets them run on pasture. He likes clover for hog pasture and in fact, for most kinds of stock. He markets his hogs when they are about eleven months old and they generally average 275 to 300 pounds each. He once had a drove of Poland China hogs which averaged 315 pounds in Chicago and were only eight and a half months old, but he has never equaled that record since. He is very careful to supply his hogs with clear water and dry beds and feeds corn on pasture for fattening.

Feeds Cattle Too.

While hogs are Mr. Erickson's main hold and he has done well with them he also handles and feeds a good many cattle. His general rule is to buy in fall or winter and rough them through till grass comes. He never puts enough cattle on his pasture to eat it down close and hence has blue grass all winter when there is no snow on the ground. He also feeds 100 roughness some sheep oats.

He has an eighty acre pasture with a never failing spring in it and the water from that he has piped to a tank and it never fails in the driest weather and never freezes. He has made some pretty fair records in feeding. In December, 1913 he bought forty grade Short Horns at \$7.15 and averaging 730 pounds, fed them eleven months when they weighed 1300 each and he sold them at \$10 a hundred at home.

As a rule this feeder prefers the Short Horn cattle for all round feeding. Polled Angus have some advantages but are not uniform and then they are nervous and easily distributed. They are good sellers and when one can select his animals and get just the right ones they are good to feed but for all purposes he prefers the Short Horns. He has a wind break which he thinks they will crowd into it, get hot and steaming and then go out and take cold. He likes very well to buy in the fall long yearlings averaging 700 to 800 pounds and rough them through till about July and then begin with a peck of broken corn a day and gradually increase it to a third of a bushel in the course of four to six weeks.

Mr. Erickson has good land and doesn't abuse it. He seldom if ever plants corn on the same land more than twice in succession and then it goes into clover to be plowed under and so he keeps his farm up to the highest state of cultivation.

CUBS POUND DOAK AND GRINER AND WIN EASILY

ONLY ONE CARD RUNNER REACHES THIRD.

Phelan, with a Home Run and a Single, and Williams with Two Timely Singles, Lead the Batters.

Chicago, June 25.—Pierce permitted only one St. Louis runner to reach third base while Chicago pounded Doak and Griner for five earned runs.

It was the sixth straight win for Chicago.

Phelan, with a home run and a single and Williams with two timely singles and a double led the batters.

SPRINGFIELD WINS CUP.
Peoria, Ill., June 25.—Springfield won the team cup today in the annual 36 hole bogey contest which concluded the golf tournament of Central Illinois Country Club association here.

Old Yale put the Blue in front at New London yesterday in the big varsity race, beating Harvard the place crew by five lengths. It has been a long time since Yale won this race. People had begun to think that the famous Yale bull dog pluck had become an empty tradition. There was not much doubt as to the superiority of the Yale crew yesterday.

FORMER RESIDENT HERE.

Mrs. James E. Munroe of Chicago, who has been visiting her sister, Mrs. L. A. Kellogg and brother, H. B. Smith, for sometime past, returned home Friday. Mrs. Munroe is a daughter of the late David A. Smith, and went to Chicago upon her marriage in 1876. In her younger days Mrs. Munroe was one of our city's best singers, appearing frequently at special affairs, and being a member of the choir of Westminster church for some years. She was a graduate of the Young Ladies Athenaeum and was well acquainted here. Mrs. Munroe's sister, Mrs. Effie Smith Lamsden of Cairo, was also one of our leading musicians.

Mrs. Munroe has a son and daughter, both married and settled in Chicago.

YALE CREWS SWEEP RIVER IN DUAL REGATTA

DEFEAT CRIMSON JUNIOR, VARSITY AND FRESHMAN EIGHTS.

For First Time in Many Years Yale Wins Triple Victory Over Harvard—Varsity Eight Establishes New Upstream Course Record.

New London, Conn., June 25.—For the first time in many years Yale university crews swept the river in the annual dual regatta with Harvard and tonight Eli alumni and undergraduates are cheering their three crews and Coach Guy Nichols until the din is deafening.

Notwithstanding delays due to rough water and accidents the English coaches of the Blue, with characteristic bulldog determination fought for victory from early forenoon until dark defeating in turn the junior, varsity and freshman eights of the Crimson.

Establish New Record.
Victory was exceedingly sweet to the Elis for the inter-varsity regatta records have to be searched for many years to find a Yale triple victory, although similar Harvard successes are of more frequent and recent occurrence. To add to the joy of the blue the varsity eight established a new upstream course record in winning the big race. Only one race, the junior varsity event was started on time. The four mile varsity contest was delayed by rough water one and a quarter hours and the freshman race postponed from forenoon until after the feature event.

Then a broken oar lock necessitated the first year's crews rowing a race at one and one-half miles in almost total darkness.

Great Crowd Sees Events.
One of the greatest crowds in a decade followed the fortunes of the crews loyally applauding the efforts of both winners and losers. The entire four mile course from the railroad bridge to Bartlett's cove was lined with steam yachts, sailing craft and motor boats until in places the racing crews were hidden from those on shore and train.

Fully 10,000 spectators witnessed the contests from the observation cars which followed each race along the banks of the Thames while the river shores were thronged. It was a great day for Yale and a great day for New London for it was demonstrated that the inter-varsity boat races between Yale and Harvard are still one of America's sport classics.

Chief interest centered in the outcome of the varsity races when the eight inch victory of last year's English-coached crew was not a fluke by winning today's contest by almost six lengths. Harvard took defeat philosophically, but Yale adherents made no attempt to hide their joy nor did the town folk with whom the Eli victory was exceedingly popular. That the blue had a crew of particular power and finish is shown in the figures of the four mile race where the Yale oarsmen set their own pace and in so doing established a new upstream record of 20 minutes, 52 seconds, beating the time made by the Yale eight of 1907 by 18 seconds.

Time of Crews by Miles.
The time of both crews in today's race by miles follows:

One mile—Yale, 4:40; Harvard, 4:45.

Two miles—Yale, 10:05; Harvard 10:14.

Three miles—Yale, 15:27; Harvard, 15:39.

Four miles—Yale, 20:52; Harvard 21:13 1-2.

The freshman race, rowed in semi-darkness over a mile and a half course, was won by the Yale first year crew by approximately one length, the times being: Yale 8 minutes, 6 seconds; Harvard, 8 minutes, 10 seconds.

It was 5:44 p. m. when the starting pistol finally sent the two crews away on the four mile upstream row. The Yale oarsmen buried their sweeps in the waters of the Thames with the flash and fairly lifted their long cedar craft out of the river with their powerful starting heave. Te shell appeared to leap from wave to wave during this minute or so when the blue tipped oars were beating 44 to 46 minute. Harvard with better form opened at 37 but the Crimson boat ran slowly between strokes and Yale gained half a length lead in the first quarter mile.

Yale Gains Slightly.
Although both eights lowered their strokes when underway the race soon resolved itself in to a procession in which Yale gained a length and a fraction in every mile. Passing the mile flag both shells were being driven by a 32 stroke with the Elis showing open water to the Cambridge crew.

At the two mile mark Nickalls' men pushed their stroke up a notch while Harvard held to 32. Here the Blue led by two and a half lengths.

In the third mile Yale held steadily to 30 strokes while Coxswain Kreger called on Harvard for a spurt. Stroke Lund responded with a 32, but Coxswain McLaane in the Yale shell made no change.

Entering the final mile, the Crimson eight, although rowing perfectly, appeared to have run down like an unwound clock.

The Whales were trounced by Brooklyn yesterday. Brooklyn hit Mike Prendergast hard and won 12 to 4. Chicago got ten hits off of Marion and Finneran but could not bunch them.

Miss Gaynelle Olinger of Franklin was among visitors in the city yesterday.

"MORNING GLANCES" (By Gosh)

The White Sox didn't win yesterday. Cause why. They didn't play.

Eight in a row and two of them against the Cardinals shows the brand of ball the Cubs are playing.

It must be unalloyed joy to Roger Bresnahan to beat the Cardinals. He got his release from that team as manager about two years ago.

The Cubs gave the Cardinals a coat of whitewash yesterday, the final score being 5 to 0. Pierce allowed the Cardinals but four hits and only one St. Louis player reached third base. The Cubs got ten hits off of Doak and Griner.

Artie Phelan got a home run and a single. Phelan is hitting the ball hard and if he keeps it up will be one of the Cubs' most valuable batsmen before the season closes.

The loss of the game yesterday was a hard blow to the Cardinals. They have been fighting hard and for a brief day were in second place. If they could have won a majority of the games with the Cubs or have broken even they would have been near the top. However, the race is not over and Huggins' team still has a chance.

The Senators beat the Athletics in the opening game of the series at Washington by a score of 4 to 1. The Athletics got eleven hits to eight for the Senators but could not get them together.

The Eagles will have Astoria for an opponent Sunday. The Astoria team comes with the reputation of having lost but one game this season. If the Eagles play the same

kind of ball that they have played the last two games Astoria will have to hustle to come out on the right side of the score.

Rowland probably would like to play all season with Cleveland. If he could there would be no doubt as to who would win the flag in the American.

New York cleaned up the champion Braves at New York yesterday. The Giants hit Hughes and Crutcher hard and it finally remained for James to stop the hitting. George Burns again got three hits, including a triple and a double.

Perritt pitched a great game for New York allowing the Braves but four hits and no runs.

Robertson of the Giants got a circuit smash yesterday. This boy who came

MANY FARMERS HAVE STARTED TO HARVEST THEIR WHEAT

With many farmers already cutting their wheat the harvest gives promise of being in full blast by next week. The yield is above the average and the only drawbacks in some communities came through the heavy rains and hail which broke the stalks down. Some farmers will be compelled to cut their grain one way only. Those cutting in the Woodson neighborhood are George Newman, Jr., Edgar Vasey, Louis Wahl, Michael Doolin, John Obert. Each of these men have about 40 acres apiece. In the Murray neighborhood those cutting are J. K. Cunningham, 30 acres; C. F. Strang, 90 acres; W. T. Masters, 140 acres; Len Crouse, 40 acres. In the Providence neighborhood, T. Deere and Henry Slack are busy in the fields. In the Litterberry community the binder is at work in the field of Samuel Davis and Samuel Allen, each having about 80 acres. Al Chapman has 120 acres and Al Dunlap, 40, both of whom are cutting. In the Arcadia neighborhood Rexroat Bros. are cutting; Jack Robinson on the East Morton road is also among the early wheat harvesters. Robert Hamilton of the Orleans neighborhood started to cut Thursday.

Has Big Rye Crop.

Frank Drury of the Orleans neighborhood expected to finish harvesting a field of rye this evening. He has in 80 acres and believed it will make all the way from 25 to 35 bushels per acre.

TO GET WEATHER REPORTS VIA WIRELESS

ILLIOPOLIS MAN SUGGESTS PLAN OF DISTRIBUTION.

Government Weather Bureau Names Central Illinois Station—Many Amateur Operators in Small Towns—Plan of Distribution.

H. J. E. Knotts, the Illiopolis wireless man, whose station has been named as the central station for sending out the U. S. weather forecast in Illinois has been notified by the government weather bureau that the Illinois station will be the central station. Jacksonville, is only one of the many towns of Illinois where amateur operators are at work. Illinois is the first state in which the weather bureau has tried out the scheme for inland distribution of the forecast. Not only that, but the idea originated with Mr. Knotts, who suggested to Mr. Root at Springfield, to the government radio-inspector and to the U. S. department of agriculture.

Illinois evening newspapers receive their forecast from Springfield about 9 a. m. But there are many small places in the state where no report is received through the newspapers. The office at Springfield will send out the report to any place in the state provided that the morning forecast can reach the destination before 6 o'clock the same evening. As there are many places that can't get the mail from Springfield that soon, they don't receive the forecast at all. It is to the interest of the department of agriculture to get these reports out early and everywhere, more especially in the rural districts, just where the reports don't go. This is especially so in the crop growing season.

Many Amateur Stations.

Mr. Knotts knew there were hundreds of amateur wireless stations scattered all over Illinois, especially in rural districts, so he conceived the idea of getting the weather report from Springfield and then sending it out and letting any of the stations that were within reach and wanting to take it, have it. He has a good instrument and he can send to any point in Illinois.

The weather bureau people looked upon the plan favorably and decided to try it out. They sent Mr. Knotts several thousand cards and some franking envelopes. Then the operators in the towns in the state that wanted to get his report wrote to him for cards. He would send as many of these cards as he thought the operators would want and also several of the envelopes.

The person receiving the cards was expected to fill some of them out each day and post them in some public spot or spots such as the postoffice, depot, corner store or the like, every day. He was to use the franking envelopes to write in a report to the office at Springfield saying just how many of these cards he was using and where he was posting them.

This plan was put to work last winter and now about fifty stations are getting the daily reports from Mr. Knotts. These are towns all over the state such as Louisville, Ill., Rock Island, Winnetka, Flora, Jacksonville and many other places. The man at Rock Island wanted to relay them over into Iowa but the department at Washington said he should not as Illinois was adopted as the unit in which to try the experiment.

Recently Mr. Root told Mr. Knotts that the plan was proving a great success and he did not doubt but that the weather bureau at Washington would not only make it permanent but would extend it into the other states. The order now putting the plan into permanent effect proves the assertion that it has become very popular and undoubtedly the number of stations over 140 in all that take Mr. Knotts' report will now increase greatly in numbers.

Read by Telephone.

In some small towns, the report is handed to the telephone operator, who at a certain previously fixed hour each day, opens up all the wires and reads out the report. All a farmer has to do to get the forecast is to get on the wire at the appointed time and hear it read.

MORTUARY

De Freitas.

Word has been received in the city of the death of Louis De Freitas who passed away in Springfield Friday. He was born and reared in Jacksonville. He married Mary Vasconcelas, a daughter of James Vasconcellos of Springfield. He is survived by his wife and several children.

Thompson.

Robert B. Thompson died Friday morning in Roodhouse at the age of 69 years. He is survived by his wife and three children, Mrs. Effie Husted, Mrs. Mary Conlee and Edward Thompson, all of Roodhouse. The funeral will be Sunday afternoon at 2 o'clock.

Self.

Mrs. Marion S. Self, whose death was noted in Thursday morning's Journal passed away Thursday evening at 5:20 o'clock at the family residence, 243 1-2 North Main street. She had been ill for over twelve weeks with a complication of diseases.

She was the daughter of Alfred and Gertrude Funk, now residents of Quincy and was born near Exeter, Scott county, Dec. 18, 1890. She married Marion S. Self at Winchester, March 2, 1908 and they have been making Jacksonville their home since, with his parents, Mr. and Mrs. J. Spencer Self.

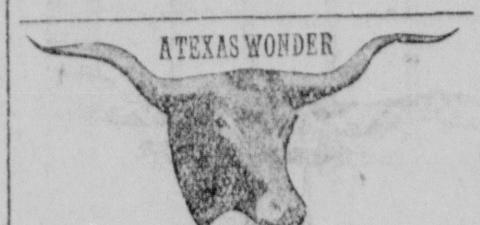

She is survived by her husband, parents, and the following brothers and sisters, Miss Gattie Funk, Fremont, Stanley, Stewart, all of Quincy and Mrs. Ruth Carson of this city.

Mrs. Self although a great sufferer bore it all with a christian fortitude. She was a woman of beautiful life and loved to be of service to others. She was a consistent member of Centenary M. E. church. Funeral services will be held this afternoon at 2:30 from Centenary M. E. Church in charge of Rev. G. W. Flagg, assisted by Rev. H. F. Cusle. Burial will be made in Diamond Grove cemetery. Those who desire to view the remains must do so at the house as the casket will not be opened at the church.

JUDGE BURTON HAS ADJOURNED COURT UNTIL WEDNESDAY NEXT

Jury Declared in Favor of German
American Bank in Suit Against
William Kastrup—Other Docket
Entries.

Judge Burton adjourned the circuit court Friday afternoon until Wednesday morning at 9 o'clock. When court convened Friday morning the trial of the German American bank against William Kastrup, based upon failure to pay a note of \$1500, was resumed. Testimony was taken and the case was given to the jury with the result that the verdict was returned in favor of the complainant, and damages were assessed against Mr. Kastrup in the sum of \$1578.

In the suit of Aaron Swaby vs. the estate of George B. Blackburn, the hearing was before the court without a jury and Judge Burton found for the defendant and the plaintiff has asked for a new trial. The suit was brought to recover the cost of a horse which died on the Blackburn farm where it had been pastured. Mr. Swaby maintained that Mr. Blackburn was responsible for the animal.

In the suit of A. G. Rawlings against W. H. Jones, which was an appeal from the justice court, the issues were found for the plaintiff and damages assessed in the sum of \$12.50. The defendant filed a motion for an appeal.

In the partition suit of J. P. Fernandes against Rosa F. Day et al, the master's report was approved.

In the foreclosure proceedings of Henry Roegge et al vs. Clara B. Wilday et al, the master's report was approved except as to the solicitor's fee, and a decree for foreclosure and sale was entered.

In the suit of Thomas Stubblefield vs. Mary E. Cranfield, Bill N. G. Keplinger was appointed receiver, his bond of \$150 to be approved by the clerk.

In the foreclosure suit brought by the Jacksonville National bank against Benjamin Broyles et al, the decree was approved.

Albert Smith was granted a divorce from his wife, Mrs. Ella Smith, and was given the custody of their child. The suit was brought on the ground of desertion.

SAFETY FIRST SIGNS.

Mention was made recently of the speed law signs which had been made under the direction of Commissioner Martin. These signboards are in black and white and read "Safety First, 15 miles an hour." There are fifteen of these signboards and they have been placed at points where the country roads touch the city streets. The various provisions of the traffic ordinance are now being observed in a generally satisfactory way, although patrolmen are keeping a sharp watch, especially at night, for all offenders. There are a number of motorcycle drivers who it is said still disregard the cutout muffler provision of the ordinance and unless there is an observance of this provision arrests are certain to follow.

Kenneth Jones of Keokuk was a visitor in Jacksonville Friday on law business.

Many persons in this city will remember with pleasure, Prof. A. T. Vallear who was a teacher of art here for a number of years and afterward went to New York City. The July number of Scribner's magazine has an excellent article by the gentleman on Dutch art.

WILL SPEND DAY AT FUNK FARMS NEAR BLOOMINGTON

Big Farmers' Picnic to be Held
There July 9th—Crops and Enterprises on 25,000 Acres to be Inspected.

The biggest farmers gathering of the year will be held on the Funk Farms, at Funk's Grove, nine miles southwest of Bloomington, July 9. Every farmer and his folks in Illinois are invited to come, bring a picnic dinner, and spend the day.

The Funk Farms comprise about 25,000 acres and every type of farming can be seen as it is carried on in an up-to-date, money-making basis. Here are some of the things to be seen:

Wheat fields that will go 50 bushels to the acre. Several threshed out 54 bushels last year.

Fifteen hundred spring pigs and 700 brood sows on one farm.

Two hundred cattle on feed on the farm that produced the highest priced load of beef cattle ever sold.

Corn breeding plots.

Sixty-eight hundred White Leghorn chickens on one farm.

One hundred acres of alfalfa; 150 acres of sweet clover.

Ninety acres of alfalfa on a field that yielded 107 bushels of corn per year before it was sown to alfalfa.

Well equipped farms, water systems, modern conveniences. A chance to spend a day that will be profitable and full of inspiration.

Uncle Henry Wallace will speak in the afternoon, and a monument will be dedicated to Isaac Funk, who first settled on this land in 1824.

There will be a splendid band concert at Bloomington in the evening for all who can remain.

The picnic will be held under the auspices of Prairie Farmer, (Illinois leading farm paper), the Funks and the McLean County Better Farming association. This is a great opportunity for an outing that will be full of interest and inspiration.

LOVEJOY'S FAMOUS SPEECH COMMEMORATED NEW ROCKBRIDGE

Forty Auto Loads of People Gathered at Grove Named in His Honor—Greenfield Residents Made Addresses—Historical Society Will Be Asked to Aid in Securing a Monument.

White Hall, Ill., June 25.—Forty auto loads of people including the White Hall band, assembled at Lovejoy Grove, two miles south of Rockbridge, on the Burlington Way, this afternoon, and indulged in speeches and music in celebration of the raising of a sign that commemorates the famous speech of Owen Lovejoy at that point on July 20, 1860. Capt. T. A. Wiesner, of Rockbridge, presided, and speeches were made by Carson T. Metcalf, W. J. Secor and H. C. Wilhite, all of Greenfield. The White Hall band played. Out of the gathering grew a movement to enlist the co-operation of the Illinois State Historical society in having a suitable monument placed at this historical spot. A committee was appointed for the purpose as follows: Cat. T. A. Wiesner of Rockbridge, chairman; R. B. Pearce of the White Hall Republican, Vic H. Haven of the Greenfield Argus, W. F. Thompson of the Rodhouse Eye-Herald and W. B. Tietz of the Medora Messenger.

The sign bears the following inscription: "This hill made historical July 20, 1860, when before 20,000 people Hon. Owen Lovejoy made his famous anti-slavery speech, defending Abraham Lincoln for president against Stephen A. Douglas. Twenty-four sheep and seven cattle were barbecued."

Referring to the event which the sign commemorates, Capt. Wiesner said:

In 1860 we were all politicians. A majority were for Douglas and Johnson. Some few of us were for Lincoln and Hamlin. Some were for Bell and Everett. None for Breckenridge and Lane.

Nearly every school district had its political club. We had one at Webster, with Martin Thorpe, Dr. Hodge, the Ballingers and J. H. Wiesner; Franklin, with Joshua Armstrong, J. H. Vanardale and Jas. Valentine; Delaware, one with the Palmers, John Dannel and Benj. Saunders.

None of the clubs were strong enough to hold an open meeting and they agreed to join together and get John M. Palmer to give them a speech. Committees were appointed, and we were all surprised and disgusted when the large bills were sent us, announcing that Owen Lovejoy would speak for Lincoln and Hamlin on the banks of the Macoupin. Our committee met and made a trip to Carlinville to tell General Palmer that they could not afford to let Lovejoy speak for it would ruin our hopes of increasing our membership. General Palmer just laughed, and told the committee that the meeting was out of their hands; all they had to do was to prepare the grounds and see that there were plenty of water; that he would see to the crowd and the speaker. The state central committee had taken charge of it.

On the evening before, the country was surprised to hear the booming of cannon. A large delegation was camped with the Metcalfs, four miles east of Greenfield. Henry Case, candidate for congress and afterwards General Case, was at Wrights with a delegation from Winchester. A large delegation was camped near Medora from Alton, Hillsboro and vicinity. All republicans of central Illinois were expected to be there, and they all came.

The morning came. The roads from Greenfield to the old bridge were crowded. The crowd was estimated at from thirty to forty thousand. Leonard Sweet, of Bloomington, opened the ball. At 11 o'clock the raising around the platform was torn off and Owen Lovejoy was introduced as the greatest abolitionist in the United States, and for three hours and a half he talked and cried and held the vast audience spellbound. The New York Tribune said it was the greatest speech ever delivered. Thousands of men went there for Douglas, but came away shouting for Lincoln.

THE WAY TO SELL CARS.

T. M. Tomlinson has always been a believer in advertising and is also an enthusiastic Ford owner. His recent experience has strengthened his opinion of both the value of advertising and the popularity of the Ford car. Thursday morning he inserted an advertisement in the Journal that his Ford car was for sale and would be on the market until six o'clock in the evening. Before noon he had received fifteen inquiries about the car, and there were ten more in the afternoon. Quite a number of the inquiries were from the country and were made shortly after the Journal had been received by rural patrons. The car was sold and Mr. Tomlinson said he could have disposed of a large number. The car was advertised only in the Journal.

Mr. Tomlinson has purchased a new Ford and has named it "Henry" as he feels that his connection of several years with the Ford family entitles him to this familiarity.

WARNING TO THE PUBLIC.

People are warned against throwing grass, trash, limbs of trees or other things into and upon the streets and alleys. Such disposal of refuse is in violation of city ordinances, tends to clog up sewers and otherwise does harm.

City Commissioner.
